

# ROAD TRIP

A life journey  
Million moments  
Familiar face  
Voice in the crowd.

I have a sense  
We've met already  
Another day, time.  
One more time, it is now our time.

**On our way, night and day**  
**Wide, high sky**  
**Clouds are passing by**  
**Driving, driving far...**

I see inside you  
You recognise me  
You know well  
Where we belong.

Another path  
Another life time  
Another road Home.  
One more time, it is now our time.

**On our way, night and day**  
**Wide, high sky**  
**Clouds are passing by**  
**Driving, driving far...**

Driving on  
Crossing over  
On our way  
Where we belong.

Your love  
Fills my heart  
Going home, Home.  
One more time, it is now our time.

**On our way, night and day**  
**Wide, high sky**  
**Clouds are passing by**  
**Driving, driving far...**

Far...  
*Through the storm, through the rain, on our way*  
Far..  
*Driving on, pressing on, night and day.*

Far...  
*Sky is clear, clouds above wide and high*  
*Wide and high, wide and high.*  
Far...  
*Driving on, pressing on, on our way*  
*Going home, going home.*

**On our way, night and day**  
**Wide, high sky.**

**On our way, night and day**  
**Wide, high sky**  
**Clouds are passing by.**

**Driving, driving**  
**Driving, driving.**  
**Driving, driving**  
**Driving, driving.**
