

SHOW ME THE WAY

I look into your eyes, longing
You're whispering my name, softly
I feel your beating heart, hold me
And keep me in your arms, always.

And the time is on our side
I am asking you now:

Take me away
Show me the way forward
Open your arms so strong
Fill me with joy and song
Fill me with joy and song! Ah!

There's only one way out, forward
I want the time to stop, pause
So many memories, stories
I'm holding in my heart, always.
And the time is on our side
I am asking you now

Take me away
Show me the way forward
Open your arms so strong
Fill me with joy and song
Fill me with joy and song...

Love me now and always
Feel my heart
Only you and I
In this life.

Take me away
Show me the way forward
Open your arms so strong
Love me now and always
Ah!

Fill me with joy and song
Fill me with joy and song!
Ah! Ah!
